

BUBBLY 02-LIGHT TABLE LAMP

Bubbly is an effervescent all-brass lighting system inspired by soap bubbles and Newton's laws of universal gravitation. The modular system comprises discrete brass spheres - meticulously assembled to form abstract organic fixtures, reminiscent of biochemistry models and geological formations. Bubbly strikes a lively balance between chaos and structure. Designed by Rosie Li. Shown in Rosie Polished Nickel.

DIMENSIONS:

Overall: 11" h. x 10" w. x 7" d.

LAMPING:

2 Edison sockets, maximum 60 watts per socket
 2 6W LED bulb, 2700Ks supplied
