

LINA 03-LIGHT SM TRIANGLE SCONCE

Designed to create airy geometric forms, Lina is an all-brass modular lighting system with minimal fasteners and cable suspension. Each shape has its own set of spherical hubs while sizes are determined by round rods used interchangeably throughout the series. By scaling rod lengths, Lina fixtures can grow or contract to suit any space. Designed by Rosie Li. Shown in Rosie Satin Brass.

DIMENSIONS:

Overall: 20" h. x 18" w. x 10" d.
