

BUBBLY 04-LIGHT LINEAR CHANDELIER WITH GLASS

Bubbly is an effervescent all-brass lighting system inspired by soap bubbles and Newton's laws of universal gravitation. The modular system comprises discrete brass spheres - meticulously assembled to form abstract organic fixtures, reminiscent of biochemistry models and geological formations. Bubbly strikes a lively balance between chaos and structure. Here with a choice of Smoke or Opal handblown glass shade. Designed by Rosie Li.

Shown in Rosie Polished Nickel.

DIMENSIONS:

Minimum height: 15"

Overall: 53" w. x 13" d.

Canopy: 2-1/2" h. x 5" diameter
